DEMOCRATIC TICKET.

FOR PRESIDENT,
WM. J. BRYAN,
of Nebraska.

FOR VICE PRESIDENT,
ARTHUR SEWELL,
of Maine.

FOR JUDGE OF THE COURT OF APPEALS,
W. S. FRYOR,
of Henry County.

CANDIDATES ANNOUNCEMENT.

FOR CONGRESS.

PEYOR FOREE, of Shelby county, is a candidate for Congress, to represent the 8th district, subject to the action of the Democratic party.

JOHN B. THOMPSON, of Mercer, is a candidate for Congress, to represent the 8th district, subject to the action of the Democratic party.

FOR JAILER.

JAMES C. LOCKEY is a candidate for Jailer of Madison county, subject to the action of the Democratic party. tde

Is the United States dependent or independent? That is the question that will be settled to the satisfaction of the people when Bryan is elected.

JUDGE WALTER C. ONG, of the Common Pleas Court, Cleveland, O., says he is a Republican, but he cannot see how he can vote for McKinley—is for free silver.

ROBERT J. TROTTER, a mile at Columbus, O., Thursday, in 2:30 3-4, the fastest ever trotted, and just such a gait as Bryan will put up in the great national November race.

HON. W. W. STEVENSON, of Mercer county, chairman of the bolters of the 8th district, was here last week trying to get some one to mount the golden chariot band wagon and take the reins, but he could not induce any one to even climb into the rear end of the chariot. He did not know the firmness of Madison county democracy.

MR. SECRETARY CARLISLE tried to maintain the gold standard—sold bonds for that purpose—insisted on \$300,000,000. Notwithstanding this enormous amount of money, down, and continually down, went the reserve, and he was about to sell another batch of bonds.

The National Banks came to his rescue, put up \$18,000,000 in gold, called off the dogs, stopped the downward chase and the reserve has remained for the first time in three years intact above the danger mark. It is evident that the National Banks can do more to maintain the reserve with 18 millions than Mr. Carlisle can with 202 millions. Are we, or are we not at the mercy of the National Banks and money sharks?

VIOLENT 16 TO 1.

Davidson, Republican candidate for Congress in this district, said at three different times in his Nicholasville speech that if elected he would vote for putting sixteen ounces of silver in every one dollar piece. What tremendous ignorance!

ARGUMENT VS. SLUSH.

Perhaps you have noticed how the Republican and third-ticket papers have daily published letters—from some almost insignificant individuals—who have declared themselves for McKinley or a third-ticket. Now everyone knows that it would be positively out of the question and perfectly absurd for the Bryan and Sewell papers to do that when they have argument and don't need slush.

WHY NOT THE COURTHOUSE?

Hon. A. R. Burnam addressed the colored Republicans at the courthouse Tuesday night and made one of his excellent speeches. The house in which he spoke was filled to overflowing.—Pantagraph.

Many citizens would like to know in what house this address was delivered. We had concluded that on account of the high position to which Mr. Burnam aspired he would be guilty of creeping down dark alleys at late hours of the night for the purpose of misleading a confiding people, but you hear what his organ says.

WHO ARE THE GOLDBUGS?

Have you ever asked yourself the question—who are the goldbugs? Here is a partial list:

The corporations.
The combinations.
The niggers—most of them.
The trusts.
The floaters.
The government pap suckers.
The fellows who don't know any better.
The classes.
The dead rank suckers.
The bondholders.
The galoots.
The big manufacturers.
The traitors.
The theorists.
The dafs.
The pie-bunters.
The fellow that's agin all his neighbors.
The floppers.
The flangwangs.
The flummuxes.
How do you like 'em? Are you one of 'em?

SEPTEMBER, FIRST.

At Indianapolis, on Tuesday, September 1, the National Democratic party will hold a convention to nominate candidates for President and vice-President. The national committee, about one hundred strong, representing thirty-five states, so decided at a meeting in the Hoosier capital last week. It is probable that Gen. Bragg, of Wisconsin, will be given first place, and Gen. Simon Bolivar Buckner, of Kentucky, second place. The platform will be, well—NIT.

PAUPER LABOR.

The Republican party has always been crying about pauper labor of Europe. There is not a country from whence the Republicans say they came, that has not the gold standard. Gold standard countries make paupers of all the so-called laborers.

Vote for a gold standard all you laboring men, and you will be pauper laborers in this blessed country of ours.

If you want liberty, prosperity and opportunity for the little ones you love, vote against it, fight it, beg every friend to fight it. Warn them against it as you would against a pestilence. Laboring men are not blinded but open your eyes to your interests.

REPUBLICANISM LEADS TO IT.

From an account of the royal wedding at Buckingham, Pall Mall, the London home of the Queen, we gathered this piece of description: "In the first carriage were the Lady of the Bedchamber, the chamberlain to Her Royal Highness and the compeller, and a little along after words came 'the Master of the Buckhounds,' and soon there came, no doubt, but the account didn't say so, the mid of the Fourth Floor and the Supreme Dishwasher. All this superb foolishness comes from a centralization of power, strong government, just as the Republican party is trying to induce the people to swallow next November. Now the Queen may foot the bill directly, but indirectly the pockets of the masses are pulled for the grand blow-out.

PROGRESS IN THE CUBAN CAUSE.

Cuban patriots in the United States are not idle. The death of Maceo has not discouraged them. Recently they have secured donations in money from various sources aggregating \$375,000. Part of the money has been changed into gold and is now on shipboard bound for Cuba, where it will be placed in the hands of the officers commanding the insurgent army. The lack of money has been the head of the junta in Philadelphia and New York, who will use it in a way that will best serve the Cuban cause. The contributors were as follows: Jacksonville and other parts of Florida, \$100,000; New York and Brooklyn, \$50,000; Philadelphia, \$25,000; Baltimore, \$10,000; Washington, \$10,000; Richmond, \$5,000; Savannah, \$5,000; New Orleans, \$10,000; through Chicago and the West and from several points, \$80,000. The Spanish battle.

EVAPORATING.

"Into the jaws of death rode the six hundred." So it was at Philadelphia, and so it was with the six hundred Clark county Democrats who are reported to have repudiated the Chicago platform. The Winchester Sun says:

"The list of Clark county bolters, when read before the Courier-Journal contingent at Louisville last week, created quite a sensation, and was hailed with much enthusiasm. The list, as published in the Wall Street paper, contains 292 names, and a foot-note says there are 423 others in the same boat, or words to that effect. The list, however, needs sifting, and at the same time the '423 others,' who are supposed to be remaining around here like 'Lowrey's butternut,' might be weeded out to some extent. In the list appears the names of several Republicans, also the names of many Democrats who will support the regularly constituted Democratic ticket as nominated at Chicago. Many signed the paper not knowing what it was all about, and by the time election day rolls around the movers in the 'third ticket' scheme will find that their 625 bolters have dwindled down to a mere handful of voters who will know better next time."

HARD WORDS.

"Thoughts unuttered sometimes fall back dead, but God himself can give them wings and send them flying." Many harsh things are being said about the advocates of silver—things that would result seriously, if the persons who use these extreme words were understood to be really in earnest. It is no uncommon occurrence for the adherents of the recently promulgated Chicago platform to be referred to as anarchists, socialists, bomb-throwers, incendiaries, rioters; in short, the apostles of Schwab, Spies and Herr Most, Milder epithets such as "whiskers," "hay-seeds," and "silver shriekers" are not overlooked. Such expressions come daily from the rotten goldbug press of Louisville; every editorial writer, of which is a shining example, of the hands of corporations that are backed up by all manner of trusts and combines and other enemies of the people. Sensible people do not and will not believe these freely administered charges, but they are insults to a large per cent. of our people. If all who adhere to the platform of the Bryan and Chicago platform are anarchists, then anarchy is in the ascendancy and the talk ought to cease to wag the dog. It is pleasing to think that thousands of our people are avoiding those unprovoked insults by ceasing to read the papers they have aided for a quarter of a century in supporting. Why should our people be thus characterized? They believe in the new untried or dangerous doctrine. It was the law of the land eighty-one years—five-sixths of our existence—as a Republic. The metals out of which our money was made were kept nearer at a parity than in any other ever tried. At the time our mints were open-

ed to the coinage of silver into standard silver dollars, and these dollars made a legal tender for all obligations, the lower branch of Congress by a legal majority contended that the only way to maintain the parity of the metals was to coin both metals into money on exact terms of equality.

In 1880, when the purchasing act was adopted, many senators and representatives said it would never bring about the parity of the metals. The predictions were true in each instance.

They contended for the only method of ever establishing a parity between gold and silver as metals.

Now that all other experiments have failed, the people being desirous to use both gold and silver as money, and desiring to return to the only method whereby gold and silver walked hand in hand at a fixed rate, are beset with the vilest epithets heaped upon them, each and every one of which their wits as negroes know to be false and libelous, as black as the charred walls of hades.

They know that the democracy that this day are loyal to the commands of the party and anxious for its success, are the quiet, sober citizenship of this country. If they really believed them guilty of the charges made, they would not dare to open their cowardly mouths.

We dislike to use words of opprobrium concerning these farisees, who thank the Lord that they are better than other people, but we have our opinion, and so have the free silver men regarding this class of individuals and we assure you it is no exalted opinion. In short, we believe you to be a lot of birdlings serving for pay and writing what a soulless, conscienceless, deathless, greedy, grasping lot of corporations direct you to write. Talk on if you will, we are better citizens than you and not near so likely to disregard the laws of the land, but as you are so willing to express yourself so often as to us, we feel after long forbearance, you should know our opinion of you.

SOME NATIONAL BANK DISCLOSURES.

Judge Tarvin read the following letter at the court house, August 3, '96, sent out by the New York National Bankers' Association, to presidents of national banks throughout the country.

This circular bears date about May or June, 1893.

THE PANIC CIRCULAR OF 1893.

"DEAR SIR:—The interests of national bankers require immediate financial legislation by congress. Silver, silver certificates and treasury notes must be retired and national bank notes upon a gold basis made the only money. This will require the authorization of from \$500,000,000 to \$1,000,000,000 of new bonds as a basis of circulation. You will at once retire one-third of your circulation and call in one-half of your loans. Be careful to make a money stringency felt among your patrons, especially among influential business men. Advocate an extra session of congress for the repeal of the purchasing clause of the Sherman

standard. There was no law declaring a gold standard since 1878. No representatives of the people ever declared by legislation that our silver money was redeemable in gold, and until this circular letter came to light it was a mystery from whence our present gold standard so-called. It is now plain that our present gold standard is an edict of the New York National Bankers Association.

This Association has captured the present administration, it has captured the delegates to the Republican National Convention. By the grace of God they failed to capture the rank and file of the Democratic party. We appeal to all good men everywhere to save us from the death threatened the Nation at the hands of this National Bankers Association.

CORRESPONDENCE.

FOXTOWN.

Mrs. Captain Kash has returned from a three weeks visit to friends and relatives in Montgomery county.

Mr. P. H. Sullivan and wife were here last Sunday.

Mr. J. D. Powell lost by distemper a fine colt by Dr. Hooker.

A Bryan and Sewall club will be organized here next Saturday and holding from the talk heard, it will be fully up to the expectations of the most sanguine among us. Foxtown will not do things by halves. "She is not built that way."

Mr. B. M. Igo is on the sick list. His trip to the mountains coupled with the extreme heat was too much for him.

There was an "old folks" picnic at Booneborough, last Thursday, and while I am grateful for an invitation, an ancient enough to feel at ease with old people on occasions of that kind. Miss Margaret Igo, attended and took excellent care of the patriarchs.

As the result of a religious controversy between different denominations, the Red House people were thrown into a state of confusion Sunday. Considerable soul-singing was indulged in and each accused the other of perver the truth.

Detectives were here last week looking for Boone Frasier, who has an account place in the killing of Judge Cowley, Brethitt Co., but finding no trace of him quietly left for parts unknown.

The free turnpike idea doesn't meet with even a limited degree of favor in this section. If there is a single man in this vicinity who will vote for free roads, we have yet to hear from him. The debt incurred through the new system of road working seems to be pretty generally accepted as a warning.

VALLEY VIEW.

Born, to the wife of Lawson Reynolds, a son, the 4th inst.

Miss Mattie Moore, of Union Mills, was the attractive guest of Miss Nina Wharton the past week.

J. W. Wilson is teaching a class in penmanship at this place.

Pure Blood

Blood means sound health. With pure, rich, healthy blood, the stomach and digestive organs will be vigorous, and there will be no dyspepsia. Rheumatism and Neuralgia will be unknown. Scrofula and Salt Rheum will disappear. With pure

Hood's Sarsaparilla

Is the One True Blood Purifier. \$1 per bottle. Hood's Pills, cure Liver ills; easy to take, easy to operate. 50c.

Your nerves will be strong, and your sleep sound, sweet and refreshing. Hood's Sarsaparilla makes pure blood. That is why it cures so many diseases. Cure disease, retain good health, prevent sickness and suffering. Remember

THE FIFTIETH ANNIVERSARY OF THE SCIENTIFIC AMERICAN.

The fiftieth Anniversary Number of the Scientific American, New York, just out, is a really handsome and valuable publication of 72 pages. It reviews the progress of the past 50 years in the various sciences and industrial arts; and the various articles by the best scientific writers of the day are really written and richly illustrated. The editors have accomplished the difficult task of presenting a compendium of information that shall be at once historical, technical and popular. The interest never flags for a moment, and the story of the half century's growth is in its self a veritable compendium of valuable scientific information for future reference. Price 10 cents per copy.

We give herewith the titles of some of the subjects treated.

The Trans-Atlantic Steamship, Naval and Coast Defense, railroads and Bridges The Sewing Machine, Physics and Chemistry, Electric Engineering, Progress of Printing, The Locomotive, Iron and Steel, Photography, Phonograph, Telegraph, Telephone, Telescopes, The Bicycle.

Also the \$250 prize essay on 'The Progress of Inventions during the Past Fifty Years.'

WEAK MEN MADE VIGOROUS.

What PEPPER'S NERVIGOR Did! It cures weakness and restores vigor. Cures when all other remedies fail. Cures Nervousness, Weakness, Impotency, Nightly Emissions, Lost Power, etc. etc. It is a powerful and reliable remedy. It is a powerful and reliable remedy. It is a powerful and reliable remedy.

Dr. J. A. Davis is erecting a nice residence at this place. He is kept busy by his professional calls day and night.

Born to the wife of J. B. Millon, a boy on August the 7th, 1896.

Jackson Henderson, of Randolph County, Mo., is visiting his mother at this place.

Mr. Strawder Hood is visiting relatives on July Ridge.

Heatham & Jenkins say produce is the standard with them.

W. B. Smith, spoke Friday at Millon.

A heavy rain and wind storm at this place, Friday, August 7th. Blew corn and tobacco, uprooted trees; did no damage to buildings.

E. C. Millon sold a car load of hogs to Bales & Wagers at \$2.90.

Parties hunting hogs at 3 cents to feed; thin in order the sort wanted.

Corn crows never better in this vicinity.

Miss Nan soon remove to her new property. S. T. Cobb will also.

Cat-brood cutting has begun, worms are bad and the weed is being cut a little green to avoid them.

It is claimed that the rain which fell here and east of this place Saturday evening was the heaviest ever seen for the space of time. Had it lasted long the damage would have been great.

Judge Chenault and the silver orator Jesse Cobb, made speeches here for Bryan and free silver, satisfactory to Democrats.

A protracted meeting is in progress at Speedwell Christian church. Brother Caldwell is doing the preaching.

Dr. A. James, petroleum operator here, a long life Republican, announces his intention of voting for Bryan and free silver. David Baker and Harvey Reace shot each other last week in Estill County, Reace dying on the spot and Baker is mortally wounded. Family trouble.

WALLACETON.

Isaac Taylor drove two of his work steers to hard and got them hot and killed them, the best ones he had, which is four he has lost in six months.

There came very near being a bloody fight at Snider saddle Saturday morning, between Fann Byrd and Sarah Mobley and a Miss Mobley, over some talk they had had, about each other. Knives and pistols were drawn, but the fuss was stopped by some old men.

Mrs. Sarah J. Smith, who has been very low with typhoid fever is improving.

Charles Smith is very ill with fever. P. F. Smith is very ill with fever.

Leonard Watkins will start to Hamilton, Ohio, in few days.

James Smith, of Preachersville, died of typhoid fever on the 20 ult. His wife died just three weeks and three days before. They leave three children, one three months old.

Died on last Thursday night Mr. Reuben Kindred. She leaves many friends to mourn her loss. Age about 30 years.

SLICK ROCK.

The people are almost all for silver except some few.

We had some good singing at Slick Rock yesterday by Messrs. A. J. Millon, J. M. and Jacob Long, and our Sunday School classes.

Mrs. Louisa E. Masters is visiting her

Awarded Highest Honors—World's Fair, DR. PRICE'S CREAM BAKING POWDER MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Made from American Alkali and any other adulterants. 40 YEARS

KIRKSVILLE.

Miss Dovie Burton, of Lawrenceburg, is visiting her sister, Mrs. Alice Faris.

Master Bertie Smith, of Irvine, is spending a few days with relatives here.

Miss Ida Coy has returned from a visit to relatives in Clark County. Miss Bonnie Bush, accompanied her and will remain a few weeks.

Miss Maud Bailey, of Harrodsburg, is visiting Mrs. J. B. Walker.

Misses Bertha and Addie Burdette, of Lancaster, are visiting Miss Abby Walker.

Mrs. T. J. Curtis and son Charles, and

SUNDAY SCHOOL WAS ORGANIZED AT SLICK ROCK.

School house the fourth Sunday in July with Brother L. N. Douglas, Sup't., W. R. Newby, Sec'y., Mr. E. C. Millon and Mrs. S. Hendren, Teachers. Attendance 130.

There are several cases of fever in this locality.

Crops are promising. Tobacco never was better. Wheat damaged in the shock and stack by so much rain.

Sister, Mrs. P. C. Bogie. She lives in Cripple Creek Colorado. She was a daughter of W. G. Hanu.

Mr. W. P. Kelley's wife is sick.

There will be a Silver club organized at Newby in a few days named J. C. Chenault Silver club.

REMEDY FOR FLIES ON CATTLE AND LICE ON POULTRY.

Editor of Farmers Home Journal:

I have changed my remedy for the above as follows:

Take coal tar two parts, coal oil and creosote one part each, with a small amount of carbolic acid. Apply with a cloth by moistening the hair, including the horns and legs, and cattle so treated will be secure from flies. A half gallon will be sufficient for a dozen cows, and a single application will last ten days or more in dry weather. The day before I used the remedy I sold 98 pounds of milk; the day after I sold 112.

This remedy is effective as a lice exterminator on poultry by simply painting the sides, roosts and dropping board of the henery with it. For young chickens, saturate a cloth with it and place in the bottom of a box and place the mother hen and chicks in the box for an hour or more. If chickens are right young, just put in the hen. Coal tar is the base of this remedy; if the liquid is to thin to adhere well and more coal tar; if to thicken to spread readily add more oil, and heat to about blood heat before using if weather is cool. This receipt is equal to any fly pest remedy in the market. Cut it out and use it.

H. F. Work.

The Thirty-first Annual Sunday school Convention of the Kentucky Sunday-school Union will convene in the First Baptist Church, Owensboro, on Tuesday afternoon, August 15.

Every school is entitled to one delegate for each hundred or fraction thereof of its membership.

Sold by Richmond Drug Co. and W. G. White.

THE CLIMAX.

WEDNESDAY, AUGUST 12, - 1896.

I'M FOR FREE SILVER.

Any day scene all over the country.

Bryan Club to be formed at court house, to-morrow night at 8 o'clock.

W. C. Gormley's saloon license having expired he has closed for the present.

Special train to Parks Hill camp meeting, Sunday, round trip \$1.00, over L. & N.

R. P. Todhunter, a prominent citizen of Fayette county, is dangerously ill.

Pomp Lanier's horse fell into an unfinished system on Prather Row and had to be dug out.

The Madison National bank has authorized for adding figures, and it doesn't cost but \$75.

Private school with limited number and special attention. See card of Mrs. French Tipton, this issue.

Mr. C. K. Shackelford, who has been dangerously ill at his home for the past three weeks, is recovering slowly.

Capt. Pates, of the R. N. I. & B., will remove to the residence on Broadway just vacated by Mr. Vorles.

Business houses in Richmond need not be scarce, as a piano repair shop is kept in a tent, corner Main and B. streets.

Charles Lester, for more than twenty years a prominent citizen of Berea, and proprietor of a planing mill, is dead at the age of probably 60 years.

Beat in infid gospel tent meeting at Berea by Baptist church, August 9 to 23rd, Rev. J. C. Parsons, Rev. Dr. McCown, Rev. Carter Helm Jones, &c.

The Infirmary Association desires to thank the Building Committee and all who contributed so liberally to the recent improvements on the building.

Miss Jennie Barnes, teacher of the public school at Newby, and Mr. R. C. Bronston, son of Jacob Bronston, were married in Richmond, Friday night, at the home of Wm. Simms.

Judge O'neal at Mr. Sterling has decided that the last Legislature requiring obligates to pass school children and people going to or from church free of charge is unconstitutional.

P. H. Sullivan and G. W. Evans, Jr., will speak at Foxtown on Saturday, August 16th, at 3 p. m. Every-body invited. Democratic club will be organized after speaking.

Madison county had no representative at the National Democratic Committee meeting at Indianapolis to fix a time and place for a national convention, but Winchester had two.

Rodney Haggard and F. H. Dudley, speaking at Kirtsville.

W. W. Combs will speak at Kirtsville, Saturday, September 5, at 2 o'clock, p. m., on the great political issues. Everybody attend.

Beef in Bourbon.

Morris, of Chicago, has bought in Bourbon county three thousand five hundred export cattle at \$3.64 cts. Many of the large herds are yet left including Alexander's 500 head.

Found Dead.

Obediah Dooley, aged 63 years, was found dead in bed near Mr. Sterling. He was the son of John Dooley, of Clark county, and a grandson of Jacob Dooley, of Dooley Bottoms, Madison county.

Hogheads by the Thousand.

D. H. Myers was in Louisville, last week, and sold to one firm a thousand and tobacco hogheads with a price of several thousand pure.

Mr. Myers has six men in Jackson county making hoops and will increase the number to twelve or fifteen.

Will Take The Stump.

Attorney O. H. Brower, this place, has been retained by the Democratic State Campaign Committee for a special canvass of the upper counties of this State. He is a tireless and effective worker and will hang scalps on his belt by the hundreds.

For Jailer.

James C. Lackey is a candidate for jailer. He is a died-in-the-wool Democrat, would make as good a jailer as his father, who was one of the best the county ever had, and is entitled to your profoundest respect. He is ready in the race, and don't you let it escape your memory.

Badly Cut.

In an altercation, Saturday, between Ed Cornelson, farmer several miles west of town on Barnes' Mill pike, and a tenant named Charles Singer, the former was cut six or eight times. Singer is about 23 years old and a son of William Singer. He was jailed to await his preliminary trial yesterday. Trial at court house and bond given.

Browned.

Many persons will recall Mr. Zoe, who was with a circus here some years ago. She was faded into a cannon and shot out into a net. She also rode down a slanting tight rope holding by her teeth to a handkerchief attached to a pulley that ran on the wire. At Clinton, Mo., she was real name was Francis Thurman, attempted to ride down an 800-foot wire from the top of a 70-foot tower to an island in the bay, but the tower gave way and she fell into the bay and was drowned.

General Baptist Association.

There is in session in Lexington the colored General Baptist Association of Kentucky. On Sunday there will be a cheap round trip excursion over the L. & N., on account of this association. Thousands and thousands of the faithful will be there.

Cattle.

An agent of Morris, of Chicago, has bought in Madison county a train load of fat cattle, average about 1,500 pounds at 4 cents. The heaviest were 1,700. James B. Parks furnished the latest number, 100 head. M. C. Covington, of Lexington, Grant county, to reside. Dr. Harris was 29 years old, a native of Virginia, was educated at Central University, and a graduate of both the medical and dental departments of that school.

Water Melons at Waco.

A German scientist went to Iceland and spent a year investigating the ovals of that far-away cold region. He then went home and wrote a book entitled "The Ovals of Iceland." The closing sentence of his book was, "There are no ovals in Iceland."

A Waco resident was in Richmond, one day last week, and said in substance "there are no water melons at Waco." At least there are only a few comparatively speaking, and the few are not the best ever seen by a human eye.

The late David Chenault, of Foxtown, went to say that "the people everywhere else are about like they are around Foxtown," and it is perhaps safe to say the water melons are elsewhere in Madison "about like they are around Waco."

Some Editors Not as Smart as Mosquitoes.

Once upon a time, we spent a night at Livingston. A young doctor from Kingston, a rather small, thin man, was also a guest of Mrs. Mullins' hotel. A large room was supplied the same room as the doctor. At breakfast the fat man complained that the mosquitoes "nearly eat him up."

The light-weight doctor remarked with some surprise that the mosquitoes didn't trouble him. "Why, doctor," sketched it out sense—they know who to bite!" exclaimed Mrs. Mullins.

Last week we published a skinning that the Clay City Chronicle gave the editor of the Pantagraph. This week, the Stanford Journal has some remarks about "the little roster of the Richmond Pantagraph." Boys, you should carelessly regard Mrs. Mullins' remark.

Reunion First Kentucky Cavalry.

The surviving members of Wolford's, or the First Kentucky Vol. Cavalry, are most cordially invited to meet in reunion at Somerset, Ky., August 20th. There will be plenty to eat, fine music, song, stirring speeches, and a good time generally. All the old soldiers, both Federal and Confederate, of other regiments in this and adjoining counties are also most cordially invited.

It is to be hoped that all the old veterans of the First Kentucky will make it possible to be present as matters of far reaching importance will be discussed and among other things a society formed for the collection and preservation of historical data. All Kentucky papers who kindly remember this grand old regiment will please give notice of meeting, and attend the reunion.

S. M. Boone, Secy., Committee of Arrangements.

Removed From Rockford to Los Angeles.

A Chicago Assn. has been notified that "It is related by several of those who have recently deserted the so-called 'Heaven' at Rockford that George Jacob Schweinfurth has left Mount Zion for good and all, with the intention of locating on property in California. He left the settlement a month ago and it was said he would return shortly, but several of the favorites among his followers have joined him. Mrs. A. I. Tuttle and her two celebrated children, claimed to be born of the Holy Ghost, Miss Schweinfurth, said to be the leader of the Church Triumphant; Albert Tefft, the general factotum and valet, and two private watchmen of the bogus Christ. Sadie Freeman, one of the 'angels,' has purchased a location 25 miles south of Los Angeles, which it is said will be the seat of the colony."

There are many heresabouts who wish George Jacob Hogfoot had not stopped until he got to the middle of the Pacific where there are no islands.

CAPT. J. M. WHITE'S LAST TRIP.

BY WILL S. HAYS.

[Capt. White was a noted Mississippi river steamboatman, and a friend of Louisville's genius Will S. Hays. This poem is published by request of a lady, now sojourning in Richmond, who often traveled on Capt. White's boat.]

"Mate, get ready down there; I'm heading for the shore. I'll ring the bell, For I must land my boat for ever more."

"Say, pilot, can you see that light?" I do, where angels stand; Well, hold her jackstaff hand on that. For there I am going to land. That looks like Death a hailing me, So hold her helm, grim and pale; I'll toll the bell; I must go in, I never pass a hail. Stop her! let her come in slow— There, that will do, no more. The lines are fast and angles wait to welcome me on shore."

"Say, pilot, I am going with them, I'll wonder through that gate. I'll not come back; you ring the bell and back her out. Don't wait, for I have made the trip of life and found my resting place— I'll take my soul and anchor that fast to the throne of grace."

Madison County Sunday School Convention.

Annual meeting of the Madison county Sunday schools will be held at Richmond, August 20th.

MORNING SESSION.

9:00 a. m. Enrollment of Delegates.

9:30 a. m. Prayer, Singing. Address of Welcome.

Died in Lexington.

Dr. J. Len Harris, dentist, whose office was in the Bright building on Main street in Richmond, died at Lexington on Wednesday, August 5, 1896, after a brief illness. Remains were brought to Richmond and buried in the cemetery. He had a fair practice, and but for his ill health would have succeeded admirably. He leaves a widow, nee Henry, and two children, who have gone to Crittenden, Grant county, to reside. Dr. Harris was 29 years old, a native of Virginia, was educated at Central University, and a graduate of both the medical and dental departments of that school.

Water Melons at Waco.

A German scientist went to Iceland and spent a year investigating the ovals of that far-away cold region. He then went home and wrote a book entitled "The Ovals of Iceland." The closing sentence of his book was, "There are no ovals in Iceland."

A Waco resident was in Richmond, one day last week, and said in substance "there are no water melons at Waco." At least there are only a few comparatively speaking, and the few are not the best ever seen by a human eye.

The late David Chenault, of Foxtown, went to say that "the people everywhere else are about like they are around Foxtown," and it is perhaps safe to say the water melons are elsewhere in Madison "about like they are around Waco."

Some Editors Not as Smart as Mosquitoes.

Once upon a time, we spent a night at Livingston. A young doctor from Kingston, a rather small, thin man, was also a guest of Mrs. Mullins' hotel. A large room was supplied the same room as the doctor. At breakfast the fat man complained that the mosquitoes "nearly eat him up."

The light-weight doctor remarked with some surprise that the mosquitoes didn't trouble him. "Why, doctor," sketched it out sense—they know who to bite!" exclaimed Mrs. Mullins.

Last week we published a skinning that the Clay City Chronicle gave the editor of the Pantagraph. This week, the Stanford Journal has some remarks about "the little roster of the Richmond Pantagraph." Boys, you should carelessly regard Mrs. Mullins' remark.
